

# Schedule of Eligible Collateral

- ▶ If you have any questions about the eligibility of a particular asset, please contact the *Collateral and Safekeeping Operations* department.

The following Schedule of Eligible Collateral provides a list of acceptable, eligible assets as well as the underwriting requirements and lending values associated with those assets. Lending values are expressed as a percentage of market value unless otherwise specified. FHLBank reserves the right to reject certain collateral or adjust the collateral requirements based on its ability to price or determine the marketability of such collateral.

## DEFINITIONS

### BLANKET (QCD) LENDING VALUE

Lending value applicable for collateral reported via the Qualifying Collateral Determination (QCD) form (applicable to Members that have executed an Advance, Pledge and Security Agreement – Blanket Pledge (excluding non-depository CDFI Members)). The lending values are expressed as a percentage of unpaid principal balance unless otherwise specified.

### CARRYOVER DEBT

Debt in which repayment has been extended beyond the loan's original term because of the debtor's inability to generate sufficient cash flows to service the obligation as it is originally structured. Examples of Carryover Debt would include (1) production or feeder livestock loans that are unable to be paid at their initial, short-term maturity, and are rescheduled into an intermediate or long-term amortization; or (2) already-existing term debt whose repayment terms or maturities need to be rescheduled because of inadequate cash flows to meet existing repayment requirements.

### CASE-BY-CASE

The phrase "Case-by-Case" means that FHLBank's senior management, at their discretion, will determine the acceptability and lending value of such collateral.

### COMMUNITY FINANCIAL INSTITUTION (CFI)

An institution that has its deposits insured by the FDIC and whose average total assets over the last three years (as of Dec. 31) is less than the most recent asset cap amount published by the Federal Housing Finance Agency (FHFA). This asset cap shall be adjusted annually by the FHFA to reflect any percentage increase in the preceding year's Consumer Price Index for all urban consumers, as published by the U.S. Department of Labor.

### CONSTRUCTION-TO-PERMANENT MORTGAGE LOAN

There are two types of construction-to-permanent mortgage loan transactions: (1) A Single-Closing Construction-to-Permanent mortgage loan is a transaction where the interim construction loan and the permanent financing uses one set of closing documents and the mortgage loan auto-

matically converts to the permanent long-term mortgage loan upon completion of the property's construction; or (2) A Two-Closing Construction-to-Permanent mortgage loan is a transaction where the construction loan and the permanent financing uses two sets of closing documents and the interim construction loan converts to permanent long-term mortgage loan through modification or through refinance upon completion of the property's construction.

#### DEBT SERVICE COVERAGE RATIO (DSCR)

The relationship of the property's annual net operating income to its annual mortgage debt service (interest-only payment or principal and interest payments). While there are various prudent underwriting and risk assessment methods used in creating and calculating DSCR within the real estate financing industry, FHLBank will not dictate a specific DSCR calculation, but will expect the method used by our Members to be well documented and readily available, if requested by FHLBank.

#### DELIVERED (EXPANDED) LENDING VALUE

Lending value applicable for collateral that has been delivered to FHLBank or an FHLBank-approved third-party custodian utilizing the FHLBank's Collateral Loan Listing - Expanded Reporting template (Specific Pledge Members, non-depository CDFI Members and housing associates are required to use the Collateral Loan Listing - Expanded Reporting template).

Class A is applicable to only those insurance company Members that are domiciled in a state in which the law exempts FHLBank from any applicable injunctions and stays, repudiation of agreements, fraudulent transfer provisions and preference provisions relating to any FHLBank security agreement or any similar arrangement or agreement relating to the security agreement. Class B is applicable to: (1) entities subject to Chapter 11 bankruptcy reorganization (i.e., non-depository CDFI Members or housing associates); and (2) insurance company Members that are domiciled in a state in which the law **does not exempt** FHLBank from any applicable injunctions and stays, repudiation of agreements, fraudulent transfer provisions and preference provisions relating to any FHLBank security agreement or any similar arrangement or agreement relating to the security agreement. The lending values are expressed as a percentage of market value unless otherwise specified, subject to the maximum lending values indicated for specific types of loans. Market values for loans are determined by taking the lower of: (1) current unpaid principal balance; or (2) the loan value as determined by FHLBank's third-party pricing vendor, as valued at the last quarterly update.

#### DELIVERED (LIMITED) LENDING VALUE

Lending value applicable for collateral that has been

delivered to FHLBank or an FHLBank-approved third-party custodian utilizing FHLBank's Collateral Loan Listing - Limited Reporting template (only applicable to Members that have executed an Advance, Pledge and Security Agreement – Blanket Pledge (excluding non-depository CDFI Members)). The lending values are expressed as a percentage of market value unless otherwise specified, subject to the maximum lending values indicated for specific types of loans. Market values for loans are determined by taking the lower of: (1) current unpaid principal balance; or (2) the loan value as determined by FHLBank's third party pricing vendor, if valued at the last quarterly update.

#### EFFECTIVE FALLBACK LANGUAGE

(1) Language provided in a security-offering document, or otherwise agreed to by the borrower, that specifies how the replacement index rate will be determined in the event of the permanent cessation of the current index rate; (2) language granting the member with unilateral rights to make changes to the current index rate, including but not limited to, substituting a replacement index rate and setting the appropriate spread adjustment as necessary; or (3) covered under the Adjustable Interest Rate (LIBOR) Act enacted by Congress and implemented by regulations of the Federal Reserve Board of Governors.

#### eNOTE

An electronic promissory note that is a “transferable record” under the Electronic Signatures in Global and National Commerce Act (codified at 15 U.S.C. §7001 et seq.) (“ESIGN”) and is secured by real property.

#### FHLBANK

FHLBank Topeka

#### FULLY DISBURSED

A loan in which the full face amount of the loan has been advanced to the borrower or on the borrower's behalf.

#### FULLY SECURED

A loan in which the fair market value of the asset or assets pledged as security for the loan exceeds the outstanding principal balance of the loan.

INTERBANK OFFERED RATES (IBORs), including the London Interbank Offered Rate (LIBOR®)

As referenced in the Adjustable Interest Rate (LIBOR) Act, any tenor of U.S. dollar currency rates formerly known as the London interbank offered rate as administered by ICE Benchmark Administration Limited (IBA) (or any predecessor or successor administrator thereof), and any other

interbank offered rates that are expected to cease.

#### LEASE LOANS

A financing transaction in the form of a lease (i.e., a lease structured such that the lessee effectively has purchased the asset and the lessor/institution is effectively providing financing secured by the purchased asset).

#### LOW INCOME HOUSING TAX CREDIT (LIHTC) MULTIFAMILY RESIDENTIAL MORTGAGE LOAN

A LIHTC multifamily residential mortgage loan is a mortgage loan secured by an affordable housing multifamily rental project that is eligible for and received a LIHTC allocation under U.S. Code Title 26 Internal Revenue Code Section 42 Low-Income Housing Credit, where the affordable housing project met certain tests that restrict both the amount of rent charged and the income of the eligible tenants. The affordable housing rental project was eligible for a 12.5 percent LIHTC for years 2018, 2019, 2020 and 2021, or was eligible for a 9 percent LIHTC in another year. FHLBank considers a LIHTC multifamily residential mortgage loan, where the tax credit expired, an affordable housing multifamily rental project and not a LIHTC affordable housing multifamily rental project. A 4 percent LIHTC multifamily residential mortgage loan is a mortgage loan secured by an affordable housing rental project that was eligible for and received a Private Activity Bond LIHTC allocation under U.S. Code Title 26 Section 103 Interest on State and Lo-

cal Bonds. Private Activity Bond programs are complex and invite Internal Revenue Service and Treasury rules, procedures, announcements, decisions, guidance, advice memorandums that FHLBank must review on a case-by-case basis to determine if it is acceptable as mortgage loan collateral.

#### MEMBER

A financial institution that has been approved for membership and owns the required amount of stock in FHLBank.

#### NON-LEAD LENDER PARTICIPATION LOAN

A loan in which the institution is not the sole owner. The institution has purchased a participation interest of less than 100% of the loan from another institution (lead lender).

#### PRIVATE TRANSFER FEE

A charge or payment, imposed by a covenant, restriction, or other similar document and required to be paid in connection with or as a result of a transfer of title to real estate, and payable on a continuing basis each time a property is transferred for a period of time or indefinitely. A Private Transfer Fee does not include fees, charges, payments, or other obligations: (1) imposed by or payable to the Federal government or a State or local government; or (2) that defray actual costs of the transfer of the property, including transfer of membership in the relevant covered association. For purposes of this definition, a Private Transfer Fee also excludes

“excepted transfer fee covenants” that: (1) require payment of a Private Transfer Fee to a covered association and limits the use of such transfer fees exclusively to purposes which provide a direct benefit to the real property encumbered by the Private Transfer Fee covenants; or (2) require payment of a Private Transfer Fee under a program meeting the Duty to Serve shared equity loan program criteria for resale restriction programs in §1282.34(d)(4)(i)(A) and (d)(4)(ii), except that no household income limit shall apply.

#### QUALIFYING LEASEHOLD

A leasehold on one-to-four family property or multifamily property under a lease of not less than 99 years that is renewable, or under a lease having a period of not less than 50 years to run from the date the mortgage was executed.

#### SPECIAL PURPOSE PROPERTY

A limited market property with a unique physical design, special construction materials, or a special-purpose layout that restricts its utility to the use for which it was built. Such property has relatively few potential buyers at a particular time, and the property cannot be converted to another use without a large capital investment.

#### SUB-PRIME LOANS

Extensions of credit to borrowers who, at the time of the loan’s origination, exhibit characteristics indicat-

ing a significantly higher risk of default than traditional bank lending customers. Sub-prime borrowers typically have weakened credit histories that may include payment delinquencies, charge-offs, judgments and bankruptcies. These borrowers may also display reduced repayment capacity as measured by low credit scores (i.e., FICO score below 660) and high debt-to-income ratios (i.e., debt ratio of greater than 50%). In addition, sub-prime borrowers normally have few, if any, borrowing alternatives. Because of the inherent higher credit risk, Sub-Prime Loans command higher interest rates and loan fees than traditional loans. Any loan pledged to FHLBank where the borrower has a weakened credit history or reduced repayment capacity as measured by a FICO score of less than 620, or a monthly debt-to-income ratio of greater than 55 percent, will be considered to have sub-prime characteristics, unless the Member or housing associate has documented compensating factors that FHLBank determines supports the Member’s or housing associate’s position that the borrower does not have a weakened credit history or have reduced repayment capacity.

#### WHOLLY OWNED

A loan of which the institution is the sole owner. For Blanket Pledge Members, this also includes: (1) the retained portion of a loan where the institution originated the loan and services the loan as lead lender but has sold a participating interest in the loan to a third party; or (2) a loan where the institution purchased 100% of the loan and the

Member has received written approval from the lead lender to assign and pledge the asset to FHLBank. (Note: Non-lead lender participations of less than 100% are not considered Wholly Owned.)

## **ADDITIONAL CLARIFICATIONS**

**Small Business Administration (SBA) Loans** – Members may pledge loans that are guaranteed under the SBA 7(a) program to the applicable collateral type. However, FHLBank disregards the SBA guarantee when assigning a lending value. SBA 7(a) program loans will receive the lending value assigned to the underlying loan collateral type and are subject to the underwriting requirements of the underlying loan collateral type. For example, SBA 7(a) program loans for equipment or fixed assets will receive the applicable lending value and are subject to the underwriting requirements under Section V. Other Collateral, 2. Equipment loans.

Property held by wholly owned subsidiaries may be accepted to the extent allowed by regulation after providing documentation acceptable to FHLBank in its discretion.

A **cross collateralized** loan's eligibility and lending value will be determined based upon the assets used in collateralizing the loan. If the loan is **Fully Secured** (supported) by multiple types of assets that would make the loan eligible as collateral under this policy, the loan would be eligible. A loan would be eligible as collateral as long as the institu-

tion can demonstrate that the loan is Fully Secured by eligible collateral, while excluding any ineligible collateral during this determination. Collateral values for the cross collateralized loan will be determined based upon the lending value applied to the lowest asset required to fully secure the loan. If a member is required to deliver collateral, FHLBank will require the delivery of all loans impacted by the cross collateralization to FHLBank.

Loans which have been paid off, sold or matured should not be included in eligible collateral. Members and housing associates should notify FHLBank immediately when any delivered loan is paid off, is sold or matures.

All eligible collateral must have a readily ascertainable value, be reliably discounted to account for liquidation and other risks, and be able to be liquidated in due course.

## **REQUIREMENTS FOR ELECTRONIC LOAN**

### **MODIFICATIONS** - *Effective March 31, 2022*

Loan modifications executed before March 31, 2022, that meet these requirements will also be eligible.

The following additional requirements apply to electronically signed loan modifications of wet-inked promissory notes where permitted by Underwriting Requirements within the Schedule of Eligible Collateral:

# Schedule of Eligible Collateral

*Continued*

1. The original, wet ink paper note is retained and available for FHLBank's review.
2. The electronically signed loan modification is an amendment to the paper note and is not a restatement of the note that purports to replace the paper note (for example, it is not being converted into an eNote) or changes the ownership of the note.
3. The electronically signed loan modification must be a valid and enforceable transferable record pursuant to the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. §§ 7001 et seq. (E-SIGN), and the Uniform Electronic Transactions Act (UETA) or other applicable law without any defect that would cause FHLBank, or a subsequent transferor, to have less than full rights, benefits and defenses of control (as defined by E-SIGN, UETA, or applicable law) of the transferable record, and should include language to evidence compliance with E-SIGN and applicable UETA requirements.
4. The electronic signing of the loan modification must occur on, or prior to, the effective date of the change addressed by the loan modification. Scriveners' errors with effective dates prior to the date of the electronically signed loan modification may be addressed.
5. A copy of the electronically signed loan modification must be maintained in a format that is accessible by FHLBank, stored with the related loan documentation, and be available for review by FHLBank.
6. Evidence of the borrower's affirmative consent to conduct the loan transaction electronically and evidence of the borrower's execution of the electronic signature for a specific document must be maintained in a format that is accessible by FHLBank, stored with the related loan modification, and available for review by FHLBank.
7. If the electronically signed loan modification requires an amendment to the mortgage as well as the note, the member must comply with all recording requirements for the jurisdiction in which the property is located and the original mortgage is recorded. FHLBank will accept eNotarization or remote online notarization if the subject state has enacted laws or regulations to allow for the same and the applicable county recording office accepts them. Members are responsible for knowing and complying with such laws; FHLBank will not provide guidance on a jurisdiction by jurisdiction basis.
8. Modifications executed by biometric means (such as fingerprint, voice, facial or retinal recognition) and video and/or audio recordings are not eligible.

## **REQUIREMENTS FOR COPIES OF LOAN**

### **MODIFICATIONS** - *Effective March 31, 2022*

Loan modifications executed before March 31, 2022, that meet these requirements will also be eligible.

The following additional requirements apply to copies of loan modifications of wet-inked promissory notes where permitted by Underwriting Requirements within the Schedule of Eligible Collateral:

1. The original, wet ink paper note is retained and available for FHLBank's review.
2. The loan modification is an amendment to the paper note and is not a restatement of the note that purports to replace the paper note (for example, the paper note is not being replaced by a scanned or imaged loan modification) or changes the ownership of the note.

3. If the loan modification requires an amendment to the mortgage as well as the note, the member must comply with all recording requirements for the jurisdiction in which the property is located and the original mortgage is recorded.
4. The copy of the wet-inked loan modification must be maintained in a format that is accessible by FHLBank, stored with the related loan documentation, and be available for review by FHLBank.

Note: FHLBank prefers copies of loan modifications to be certified copies or to meet the requirements for Electronic Loan Modifications.

# Temporary Coronavirus (COVID-19) Underwriting Requirements

## Underwriting Requirements

These underwriting requirements are available for use on the following Collateral Types:

- Conventional Mortgages on One-To-Four Family Residential Real Property;
- Mortgages on Multifamily Residential Real Property;
- Agricultural Real Estate;
- Commercial Real Estate;
- Second Mortgages on Residential One-To-Four Family Property;
- Home Equity Lines of Credit;
- Operating Loans; and
- Equipment Loans.

### FORBEARANCE PLANS AND MODIFICATIONS DESCRIBED BELOW CEASED ON DEC. 31, 2021:

- a. A hardship is a temporary income interruption, where a COVID-19 hardship caused a decrease in the Borrower's income due to circumstances outside the Borrower's control.
  - i. Forbearance plans can defer contractual payments for no more than 6 months and modifications of an existing note can reduce the Borrower's monthly contractual payment for no more than 12 months;
  - ii. Modifications that reduce contractual payment can reduce contractual payment to a minimum monthly payment of interest-only payment;
  - iii. Borrower(s) can execute a forbearance plan or a modification with an electronic signature that is in compliance with the Electronic Signatures in Global and National Commerce Act (i.e. E-SIGN). The forbearance plan or modification must be accompanied by an original note that has a "wet" signature from all borrowers and the Member retains the original document;
  - iv. Forbearance plans must indicate the duration of the forbearance plan including the effective date, the expiration date of the forbearance plan, and the due date of the first payment and the amount of the payment;
- v. The collateral type is not classified as non-accrual, substandard, doubtful or loss by the Member or any regulator of the Member prior to the forbearance plan or the modification, with collateral performance continuing to meet FHLBank's delinquency eligibility standards (Internal Watchlist may be required to be submitted to FHLBank);
- vi. If a modification requires an amendment to the mortgage as well as the note, you must comply with all current recording requirements for the jurisdiction in which the property is located and where the original mortgage is recorded to ensure lien position remains eligible for the asset category; and
- vii. Original term to maturity cannot exceed 360 months; absent the forbearance plan or modification.

**Note:** Forbearance plans and modifications that borrowers entered into prior to the eligibility cessation date of December 31, 2021, that previously met the COVID-19 Temporary Underwriting Requirements will remain eligible for pledging for the remaining duration of the forbearance plan, modification period, or until the asset is paid-off, sold or reaches the maturity date. Other important information: For FHA-insured and VA-guaranteed Mortgages within the One-To-Four Family Residential Real Property category, with forbearance plans and modifications will remain eligible for pledging provided the mortgage loans comply with applicable laws and regulations, including section 4022 of the Coronavirus Aid, Relief, and Economic Stability Act. This includes any and all FHA and Veteran's Benefits Administration's published requirements through the end of the COVID-19 nationally declared emergency.

The lending value assigned to eligible COVID-19 pledged assets, currently and previously utilized COVID-19 underwriting requirements, will be equal to the then current lending value established for the Collateral Type category as contained in FHLBank's Member Products and Services Guide until further notice. The mortgage loan collateral must otherwise continue to meet all other underwriting requirements for loan Collateral Type contained in the Member Products and Services Guide, specifically in this Schedule of Eligible Collateral. FHLBank's COVID-19 underwriting requirements for FHA-insured and VA-guaranteed Mortgage loans are available for use until further notice from FHLBank. FHLBank anticipates providing members with 10 business day written notice prior to further changes or full expiration of the remaining temporary COVID-19 underwriting requirements for FHA-insured and VA-guaranteed Mortgages.

# Collateral Type : II. Securities

- For securities with cash flows derived from underlying collateral, i.e., Collateralized Mortgage Obligations (CMOs), excluding interest-only or principal-only securities.
- Prices must be readily available through the FHLBank’s pricing vendors. FHLBank primarily uses one pricing vendor to value securities collateral each day, while completing a month-end review to validate consistent pricing amongst FHLBank’s pricing vendors. For those securities experiencing greater price variability amongst FHLBank pricing vendors, FHLBank may adjust values to account for the additional security price risk.
- No IBOR-indexed (including LIBOR®) adjustable interest rate securities that remains IBOR-linked after June 30, 2023, and do not have Effective Fallback Language. Please refer to definition section for Effective Fallback Language.
- Prospectus may be required to determine security eligibility.
- Security ratings must be obtained from at least one of the following Nationally Recognized Statistical Rating Organizations (NRSROs): Standard & Poor’s Financial Services LLC, Moody’s Investors Service, Inc., or Fitch Ratings Inc.; and the lowest rating identified will be applied. A security rating under a negative watch will be assigned up to a full letter grade reduction until the current rating watch is resolved.

# Collateral Type : **IV. Other Real Estate-Related Collateral – Potential for Assets to Be Considered Restricted Collateral**

Restricted collateral includes Categories IV and V collateral. For institutions pledging collateral via the Blanket (QCD) Lending Value Reporting template the aggregate amount of restricted collateral is limited to 30 percent of an institution’s total assets. For institutions pledging collateral via the Delivered (Limited) Lending Value and Delivered (Expanded) Lending Value Reporting templates, there is no limit on the pledging of restricted collateral. Blanket Pledge Members pledging loan collateral via the Blanket (QCD) Lending Value Reporting template are expected to exhaust all other eligible unrestricted loan collateral before pledging Category IV or V collateral.

# Collateral Type : **V. Other Collateral – Potential for Assets to Be Considered Restricted Collateral**

Restricted collateral includes Categories IV and V collateral. For institutions pledging collateral via the Blanket (QCD) Lending Value Reporting template the aggregate amount of restricted collateral is limited to 30 percent of an institution’s total assets. For institutions pledging collateral via the Delivered (Limited) Lending Value and Delivered (Expanded) Lending Value Reporting templates, there is no limit on the pledging of restricted collateral. Blanket Pledge Members pledging loan collateral via the Blanket (QCD) Lending Value Reporting template are expected to exhaust all other eligible unrestricted loan collateral before pledging Category IV or V collateral.
