Affordable Housing Program Details

PROGRAM DESCRIPTION

he Affordable Housing Program (AHP) was created by Congress through the Financial Institutions Reform, Recovery and Enforcement Act in 1989. The AHP is funded each year with 10 percent of FHLBank Topeka's (FHLBank's) net income. FHLBank's competitive AHP, implemented in 1990, in partnership with its members and project sponsors, addresses the housing needs of very low-, low-, and moderate-income households by providing gap financing for owner-occupied and rental projects.

HELPFUL HINTS

- ✓ Use the links in this User Guide to navigate to specific sections, definitions of terms, etc.
- Users must have been associated with a project as a contact in order to complete processes, such as Project Completion Report, in AHP Online.
- ✓ AHP Online uses ZIP + 4 to populate a location's City, County, State, Census tract, Congressional District, and CBSA. If you are unsure of the location's ZIP + 4, use the "Quick Tools" option at USPS.com to obtain this information.
- ✓ To navigate through the application, use the "<Previous" and ">Next" options at the bottom of the page. To avoid potential errors or loss of data, do not use the "Back" arrow at the top of your screen next to the browser bar.
- ✓ AHP Online will automatically log off users after 20 minutes of inactivity. Any non-input action, such as moving from screen to screen or saving a screen, are included in the definition of "inactivity."
- ✓ To clear the information entered on a page and start over, use the "Undo" feature.
- ✓ For optimal performance in AHP Online, FHLBank recommends using the current version of Internet Explorer.
- ✓ After an application is approved, consultants no longer have access through their company's login information. If a Sponsor wants a consultant to have access to AHP Online for a project, the Sponsor will need to approve the consultant as an authorized user for the Sponsor's account. The consultant will need to use a different username login for this account.

PCR Rental Project Financial Feasibility – Helpful Hints

- ✓ Documenting financial feasibility is different based on the project's approval date. Refer to the correct section of the User Guide for instruction, either "Financial Feasibility: Rental Projects Approved Prior to 2017" or "Financial Feasibility: Rental Projects Approved in 2017 and After" as applicable.
- ✓ Obtain the Disbursement and PCR Feasibility Workbook from the AHP website associated with the round in which the project was approved. AHP Online will not accept other versions for projects approved in 2017 and after.
- ✓ The Feasibility Workbooks include instructions and helpful hints to make completing them as easy as possible. Most tabs of the feasibility workbooks include instructions at the top of the page or within data entry points.
- ✓ Total Costs must be equal to Total Sources.
- ✓ Much of the financial feasibility analysis is completed by HCD staff outside of the online system. Provide explanations in the Feasibility Workbooks as indicated.
- ✓ Contact Housing and Community Development at 1.866.571.8155 for technical assistance concerning difficulties uploading the Feasibility Workbook.

FINANCIAL INFORMATION: FEASIBILITY ANALYSIS – **RENTAL PROJECTS ONLY APPROVED IN 2017 AND AFTER**

This screen will display any elements of the Feasibility Workbook that are outside FHLBank guidelines that were analyzed by AHP Online and approved at the last feasibility review. In addition, it will identify elements from the newly-uploaded Feasibility Workbook that are outside FHLBank guidelines. Any explanations previously-provided will be included.

 If all feasibility values displayed indicate an explanation has been received, or if no feasibility values display, go to Step 5 (below).

FYI

Most of the analysis of project feasibility is completed outside of AHP Online.

The Feasibility Workbook identifies any elements that are outside of FHLBank guidelines.

If an item is outside FHLBank guidelines due to an error in the Feasibility Workbook, remove the previously uploaded Workbook. Make corrections as needed, and upload the corrected one.

- If you want to update an explanation, or if an explanation is required (as indicated by "No" in the "Explained" column), do so by:
- 1. Select "Explain" in the "Action" column.
- 2. Enter the explanation in the space provided.
- 3. Select "Update Feasibility Issue" to save the explanation.
- 4. Repeat this process for each Feasibility value that requires explanation until all explanations have been entered and saved.
- 5. Select "Save" and "Next" to continue.
