- This column shows the stock requirement for each area.
- This column shows your current balance in each product type.
- Column 3 shows your exact stock requirement and column 4 gives the rounded figure.
- Compare these figures to column 4 to determine if you need to buy stock.

Because daily MPF stock purchases are based on MPF balance changes from the prior day, this page will reflect the current daily requirement. Stock requirements related to other activities will update throughout the day based on transactions. The end-of-day figures will reflect required balances at the end of the current day. The information reflects values with the assumption of compliance with the new stock purchase requirements.
