Affordable Housing Program Details

PROGRAM DESCRIPTION

The Affordable Housing Program (AHP) was created by Congress through the Financial Institutions Reform, Recovery and Enforcement Act in 1989. The AHP is funded each year with 10 percent of FHLBank Topeka's (FHLBank's) net income. FHLBank's competitive AHP, implemented in 1990, in partnership with its members and project sponsors, addresses the housing needs of very low-, low-, and moderate-income households by providing gap financing for owner-occupied and rental projects.

Through the AHP, FHLBank will provide funding for qualified applications. Information regarding the current competitive General Fund can be found on the following AHP Application website link: [AHP Application](#).

TECHNICAL ASSISTANCE HOURS

Housing and Community Development (HCD) will be available to provide technical assistance from 8:00 a.m. to 5:00 p.m. (Central Time) Monday through Friday, excluding bank holidays.

HELPFUL HINTS

- ✓ Use the links in this AHP Online Application User Guide to navigate to certain sections, definitions of terms, etc.
- ✓ A lead contact (ie: project sponsor), input contact (ie: consultant, if applicable), and member contact (ie: FHLBank member) must be registered in AHP Online before an application can be initiated. See the [AHP Online Registration Guide](#) located on FHLBank's website for instructions. **If you have previously registered but cannot remember your username or password, contact HCD. DO NOT re-register, as this will create difficulties within AHP Online.**
- ✓ AHP Online uses ZIP+4 to populate a location's City, County, State, Census tract, Congressional District, and CBSA. If you are unsure of the location's ZIP+4, use the "Quick Tools" option at USPS.com to obtain this information.
- ✓ To navigate through the application, use the "<Previous" and ">Next" options at the bottom of the page. To avoid potential errors or loss of data, do not use the "Back" arrow at the top of your screen next to the browser bar.
- ✓ The Feasibility Workbooks include important and helpful instructions.
- ✓ AHP Online will automatically log off users after 20 minutes of inactivity. Any non-input action, such as moving from screen to screen or saving a screen, are included in the definition of "inactivity."
- ✓ To clear the information entered on a page and start over, use the "Undo" feature.

FYI - Symbols

- For helpful information, select the  on each screen.
- Fields with  must be completed before the application can be submitted.
- Fields with * must be completed before the page can be saved.

FYI – Uploading Documents

- Only one file per upload box is allowed. If the upload includes multiple files/documents, save the documents as a ZIP file or as a single PDF file.
- AHP Online accepts the following file upload types: PDF, ZIP, DOC, DOCX, XLS, XLSX.
- The maximum file size for any single upload is 50 megabytes.

ALREADY REGISTERED BUT FORGOT YOUR USERNAME AND/OR PASSWORD?

DO NOT create a new username.

Contact HCD for assistance.

- ✓ Always select "Save" before selecting "Next" to continue to the next page. AHP Online does not retain unsaved data.
- ✓ For optimal performance in AHP Online, FHLBank recommends using the latest version of Microsoft Edge

Sponsors: Creating and Approving an Application:

All applications must be initiated and submitted in AHP Online. This section covers the steps the Sponsor must complete prior to submitting it to the Member for approval and submission to FHLBank Topeka for consideration in the competitive application round.

INITIATE APPLICATION

When logging in to AHP Online, you will either be directed to “My Projects” or “My Applications” depending on whether the application round is open. Refer to our website for the application round opening and closing dates. When the round is open, to initiate an application:

1. Select the “My Applications” tab.
2. In the drop-down menu, select “Initiate Application.” Sponsors may initiate as many applications as they intend to submit for the current competitive AHP application period, except as listed below and in the AHP Implementation Plan in effect for the application period.

- An owner-occupied project sponsor may submit only one each of the following project types per application period, but not a combination thereof: rehabilitation or purchase.
- Multiple applications representing the same project, as determined in FHLBank’s sole discretion, will be deemed a single project regardless of the year or years in which the applications were submitted and/or awarded and limited to receiving the maximum project subsidy and subsidy per unit allowable in the year of the original award. This does not apply to projects past retention.

APPLICATION INFORMATION – RENTAL PROJECTS

1. Enter the following:
 - Project Name
 - Project Type (Rental)
 - Activity Type (Acquisition, New Construction, Rehabilitation)
 - More than one can be selected
 - Project location ZIP code – For scattered-site projects, enter the sponsor organization’s ZIP code.
2. Select “Lookup” to populate the remaining information on the screen (City, County, State).

FYI

Once the application has been initiated, the following fields **cannot** be edited.

- Project Type
- Activity Type

The “Lookup” tool in AHP Online sometimes takes several minutes to populate the City, County, and State.

If you initiate and save an application with the wrong Project or Activity Type, you will need to disregard this application and start a new one.

FINANCIAL FEASIBILITY – HELPFUL HINTS

- ✓ Obtain the current Feasibility Workbooks (Homeownership or Rental) on FHLBank’s website under the Application tab.
- ✓ Total Project Costs must be equal to Total Sources.
- ✓ The total AHP subsidy amount on the Subsidy Amount and Uses of Funds screen in AHP Online must be equal to the total subsidy amount requested in the Feasibility Workbooks.
- ✓ For Homeownership projects: The total amount of AHP subsidy used for homebuyer/homeowner counseling must be equal to the total amount of AHP subsidy used for these costs in the Homeownership Feasibility Workbook.
- ✓ Much of the financial feasibility analysis is completed by HCD staff outside of the online system. Provide explanations in the Feasibility Workbooks as indicated.
- ✓ Donated Property – If the project includes Donated Property, the Financial Feasibility Workbook should not include acquisition costs for the property. If an acquisition cost is reflected, an offsetting donation must be included in the Sources of Funds.
- ✓ For rental projects, non-residential costs are calculated automatically based on the square footage of residential vs. non-residential costs. These costs can be overridden if submitted bids break out residential and non-residential costs. Non-residential costs must equal non-residential sources.
- ✓ Contact Housing and Community Development at 866.571.8155 for technical assistance concerning difficulties uploading the Feasibility Workbook.

PROJECT TIMELINE (HOMEOWNERSHIP PROJECT)

- Not all dates on the Project Timeline screen fit well within FHLBank's Homeownership AHP; however, the fields are required. To reduce confusion, FHLBank suggests the dates be populated as follows:
 - AHP Initial Draw Date, 100% of Financing Committed Date, Project Closing Date, Construction/Rehabilitation Start Date: Use the same date for all of these fields. The date should be after the anticipated AHP grant award date.
 - Complete Construction/Rehabilitation of All Units Date, Date of anticipated certificate of occupancy/certificate of substantial rehabilitation, Stabilized Occupancy Date: Use the same date for these three fields. The date should be the anticipated project completion date.
- The next two questions should be answered "Yes." FHLBank requires all requests for disbursement of funds be submitted within 42 months of AHP Approval Date and the project be complete with all requested funds disbursed within 48 months of the AHP Approval date.
- If there are any other project documents that should be uploaded (not required), use the "Miscellaneous Documentation" upload boxes to do so. The name of the file should include an indication of the file's contents.
- Review for accuracy.
- Select "Save" and "Home."
- Continue to "[Sponsor Approval](#)" section of this AHP Online Application User Guide.

FEASIBILITY ANALYSIS (RENTAL PROJECT)

If AHP Online detects any elements of the Feasibility Workbook that are outside FHLBank guidelines analyzed in AHP Online, those elements will display on this screen and will require explanation. Not all FHLBank guidelines for rental projects are reviewed through AHP Online. Instead they are identified in the Feasibility Workbook.

To obtain information about the item outside FHLBank guidelines, select “More Info” in the “Details” column.

1. Select “Explain” by any items outside of FHLBank guidelines.

FYI

Much of the analysis of Rental project feasibility is done outside of AHP Online.

The Rental Feasibility Workbook identifies any elements that are outside of FHLBank guidelines.

If an item is outside FHLBank guidelines due to an error in the Feasibility Workbook, remove the previously uploaded Workbook. Make corrections as needed and upload the corrected one.
